Naming Babies, Pets, Businesses Use the Soul, Personality and Destiny Cards

Expectant parents love to hear the numerology for each name they are thinking of using. This is a great baby shower game! The calculations of each name provide the Soul, Personality and Destiny possibilities of the proposed names. New pet owners love to calculate the names they are thinking of calling their new puppy or kitten. Business name calculations give insight into the Soul, Personality, and Destiny of the proposed name or names you might be considering. When doing the numerology of business names, do not include Inc., LLC or Ltd.
